

Cluster access

01/23

- 1.log in using your personal scratch codes
- 2.re-pair your google authenticator app with the JHPCE configuration
- 3.may use codes or QR code (latter is coolest)
- 4.and voila!
- 5.fin

ssh amuzaal1@jhpce01.jhsph.edu

scratch code

moZart1234

\$ auth_util

5

scan QR code with iPhone

done!

close terminal

now login using google authenticator rather than scratch code
